Venue Change Announced for November 12 Whiskey Sale

The Alabama ABC Board announced today that one of the two Birmingham-area stores selected to sell the famed Pappy Van Winkle line of Bourbons next week has been changed.

ABC Store #58, located at 3232 Galleria Circle in Hoover, will now be a host site for the one-day sale. Store #58 in Hoover is taking the place of Store #98, located at 1425 Montgomery Highway, Suites 161 & 167, in Vestavia Hills. None of the specialty products will be sold at Store #98.

Buffalo Trace's Pappy Van Winkle and other allocated and hard-to-find whiskeys of the world will be available for sale at 9:00 a.m. on November 12th. Customers must possess and present a valid State of Alabama Driver's License to purchase the specialty items. Members of the United States Military may use a military I.D., but must have proof of residence in Alabama. Buyers may only purchase one bottle from Tier 1 selections and up to two bottles from Tier 2.

A list of the eight host stores for the one-day sale follows on the next page.
