

Wilderness Trail
DISTILLERY

ABC Single Barrel Select

Rye

After years of working with distilleries around the world to provide advice and fermentation products, we launched our premium craft distillery in 2012 with a focus on making the highest quality Bourbon, Rye Whiskey and Vodka. Our founders Shane Baker and Pat Heist are fermentation experts with more than 20 years of experience in the production of alcohol and some of the best brands on the market today. Our specialty is making unique spirits from locally-grown grains to ensure quality, and adding a healthy dose of science in the process. Come see what we mean by visiting Wilderness Trail Distillery.
