Dear Licensee:

Another beautiful Autumn is just ahead; as always, football in the great State of Alabama is kicking off this time of year. We can all cheer on our teams around the television, at tailgate parties, and much more. Remember that we should all promote drinking responsibly so everyone can enjoy the season safely. We are all responsible for the safety, health, and well-being of Alabama's citizens from the suppliers and brokers to the licensees and ABC employees.

As we move into Fall and the season of Thanksgiving, we should all take time to reflect on how we can help prevent alcohol abuse and underage drinking.

We should be thankful for our shared prosperity thus far this year.

As always customer service is our top priority. Your business and your community matter to us and we care about your needs.

Sincerely,

Curtis E. Stewart

Feeling fancy, fun and free

with more sophisticated cocktails!

BY CLARE TAYLOR

Before you enter 2025 do you need to set some resolutions? Try more vermouth? Try more amaro? Drink less tequila? Be more open to tequila? Have classier parties? Try more new things? Make your own infused liquors? Make fancier cocktails?

How can you fancy-fy your cocktails? Make them sophisticated, more upscale? How could you do it on a budget?

Any cocktail could be improved with infusing the base. Choose ingredients that compliment the cocktail. Taste daily until you achieve the desired taste.

Elevate a Tom Collins by infusing the gin with fennel or coriander, to bestow an herbaceous quality. Elevate a whiskey smash by infusing the whiskey with dry coconut or pineapple or if looking for a more wintry style; use apples or Chai tea. For an upgraded and interesting daiquiri or margarita infuse your rum or tequila with Earl Grey. Tea is a fantastic and easy way to add flavor. Typically dried teas take a day or two to create a strong enough flavor that you want to give to your base.

Outdo yourself with the garnishes if you want to fancy-fy your cocktails.

For your New Years Party perhaps add one or all of these toppings to your festive drink, edible flowers, berries, thyme, rosemary, lavender, lemon/orange twists, citrus gummies, dehydrated fruit, peeled citrus, peeled cucumber, or melon balls. Or perhaps go big or go home with a flaming lime shell. More simple than it seems, core out a lime, add a sugar cube and dowse with a splash of high proof liquor and lit on fire. Or simply a sparkler in a glass of champagne, to be consumed after the sparkler is finished. You could also consider buying some gold sugar to go on the rim of the glassware. For a cheaper alternative

buy chewy candies and skewer them with cocktail picks.

Elevate your glassware to make your cocktails stand out. Consider an assortment of glassware that are not all the same. Go outside the box and use unconventional glassware such as teapots, teacups, tiki cups, plastic test tubes, or hallowed out fruits

Try using foams to make your cocktails classy.

There is the typical egg white but you could also use chickpea juice, also called aquafaba. You might think it will lend a chickpea flavor but other ingredients in a cocktail will mask this subtle flavor.

Use better products.

Using better blanco tequila can make a massive difference in bettering a margarita, however better products to be trying would be nice liqueurs. Herbal liqueurs can be added in lieu of aperol in a spritz. They can be added to a whiskey smash or gin fizz. Cherry liqueurs can be added to a manhattan, negroni or amaretto sour. Celebrate the new year and new self

by topping your champagne with a little bit of cherry liqueur.

Celebrate the end of the year with these ending cocktails. They are dramatic, complex, and intriguing with bold flavors.

WHAT'S THE DEAL WITH BOURBON?

BY CLARE TAYLOR

FINISHING TECHNIQUES OF BOURBON

Bourbon is the quintessential drink of America and is wrapped in tradition, however lately when you pick up a bottle there is more variation in what you're getting bottle to bottle, brand to brand. In recent years there is much more innovation in finishing techniques of bourbon; production has broadened the possibilities for flavor development, allowing distillers to create unique and complex expressions. Whether through secondary barrel aging, hybrid barrels, custom charring, environmental factors, or ingredient infusions, these methods add a new dimension to bourbon, delighting enthusiasts and expanding the spirit's appeal. Here's a deep dive into the fascinating world of bourbon finishing techniques.

SECONDARY BARREL AGING

Wine Barrels

Sherry Casks: Aging bourbon in sherry casks (such as Oloroso or Pedro Ximénez) imparts rich, fruity, and

nutty flavors, adding depth and complexity.

Port Barrels: Port wine barrels add a sweet, jammy, and slightly tannic quality to the bourbon, resulting in a smooth and rich finish.

Madeira Casks: These barrels contribute a sweet, raisiny flavor with a hint of spice and a smooth finish.

Beer Barrels

Stout Barrels: Bourbon finished in stout beer barrels can take on notes of chocolate, coffee, and roasted malt, enhancing its richness.

IPA Barrels: These barrels can impart hoppy, citrusy, and slightly bitter flavors, creating a unique and refreshing profile.

Spirit Barrels

Rum Barrels: Rum cask finishing adds tropical fruit, molasses, and spice notes, enhancing the bourbon's sweetness and complexity.

Cognac Barrels: Finishing in cognac barrels imparts rich, velvety, and fruity flavors with a hint of oak and spice.

Tequila Barrels: This gives the bourbon a subtle agave flavor with herbal, peppery, and citrus notes.

HYBRID BARRELS

Combination of Woods

Some distilleries use hybrid barrels made from different types of wood, such as a combination of American oak and French oak. This technique can introduce unique flavor profiles that are not achievable with a single type of wood.

Barrel Staves

Additional staves from different types of wood (e.g., cherry wood, maple wood) can be inserted into the barrel during aging. This technique allows for the infusion of distinct flavors from the various woods.

CHAR AND TOAST LEVELS

Custom Charring

Experimenting with different levels of charring and toasting the barrels can significantly influence the bourbon's flavor. Heavier char levels can introduce more caramelized sugars

and smoky notes, while lighter chars preserve more of the wood's natural vanillin.

Double Oak

Some bourbons undergo a secondary aging process in a new, heavily toasted and lightly charred oak barrel. This adds layers of vanilla, caramel, and toasted oak flavors, creating a richer and more complex profile.

UNIQUE ENVIRONMENTAL AGING

Temperature-Controlled Warehouses

Aging bourbon in temperature-controlled environments allows distillers to manipulate the aging process, ensuring consistent interaction between the spirit and the wood. This can accelerate aging and intensify flavors.

Different Climates

Some distilleries age their bourbon in different climates, such as high humidity or high altitude, to see how the environmental factors influence the aging process and final flavor profile.

INNOVATIVE INGREDIENTS

Infusions

Adding ingredients like herbs, spices, or fruits during the finishing

process can impart unique flavors. This technique is not traditional, but it's gaining popularity for creating innovative and distinct bourbon expressions.

Solera Method

The Solera method, traditionally used in sherry production, involves a fractional blending process where younger bourbon is continually mixed with older bourbon. This creates a consistent and complex product with layers of aged flavors.

Bourbon's versatility shines through in cocktails, especially when incorporating unique finishes that add layers of complexity and flavor. Here are some creative cocktail recipes that highlight bourbons with different types of finishes.

Welcoming a New Generation of Brandy and Cognac

Cognac's rich history, demanding production process, and satisfying end result will gain wider recognition.

BY KRISTINA SKIBO

Note: This excerpt is printed with permission from the Winter 2023 issue of StateWays—the Beverage Alcohol Merchandising Magazine for Control States.

In 2023, Cognac sales, along with other spirits categories, faced challenges as the economy continued to recover from inflationary woes. Cognac remains a stable category with a long-term track record of maintaining its position.

With more than 111 million bottles exported to the United States in 2022, Cognac is a staple on bar menus around the country. New generations of bartenders draw inspiration from the spirit's timelessness, versatility, and range to create Cognac cocktails at their bars. Bartenders recognize Cognac's value as a specific flavor component and play with the different expressions and ages of Cognac, from VS to XO.

A CHANGING TASTE FOR COGNAC

When choosing a Cognac to drink, Guillaume Lamy, managing director, Maison Ferrand USA, mentions that consumers are looking for a wide choice of expressions. "They do not want a standard Cognac or for all Cognacs to taste the same," he says. "They want to be impressed by aging or blending techniques that offer taste profiles that seem new, but in reality are resurgences of the past."

Maison Ferrand achieves this through their best-selling Cognac, 1840 Original Formula. For many consumers and bar professionals, it is a Cognac that has a true proposition of taste and intensity. For bar managers, it offers an old, 19th-century style of Cognac that allows them to re-create classic drinks and showcase the aromatics of Grande Champagne in their cocktails.

"However, this is also the perfect

Cognac for any consumer that loves intense, higher proof, aged brown spirits," Lamy explains. "We've seen a very strong growth of sales in stores since 2020 from whisky consumers that were looking for complexity and depth of aromas in a Cognac that they could consume on a solid ice cube, for the ultimate olfactive experience. Most modern Cognacs would not withstand any ice or dilution as well as the 1840 Original Formula."

Aria Wright, CAMUS' U.S. brand ambassador, agrees with Lamy when she says that consumers are seeking quality, authenticity, unique flavor experiences, and innovation in their Cognac choices. "As the younger Generation Z enters the realm of Cognac consumption, they bring more personalized and customized preferences, necessitating brands to establish strong identities and vitality." CAMUS has embraced this change by collaborating with multimedia artists like Malik Roberts and Melissa Sutherland Moss. These partnerships help celebrate con-

Cognac's rich history, demanding production process, and satisfying end result with gain wider recognition.

temporary culture and unity through the brand's VSOP Artistic Limited Edition.

On the other hand, Livio Lauro, director of product education at Southern Glaser's Wine and Spirits Nevada, believes that brandy and Cognac consumers are looking more for status than anything else when choosing which brand to drink. "Brandy and Cognac consumers are a special breed; they often have a mature palate and are more experienced drinkers," he says. "While many consumers identify themselves in what they drink—such as tequila drinkers saying they love tequila—Cognac drinking is often seen as a status symbol, and drinking Cognac can signify 'I have arrived.'"

A DIVERSIFYING COGNAC DEMOGRAPHIC

In the last 20 years, many consumers have been crossing categories from rum and whiskey, giving a chance for smaller houses to develop more market presence.

All in all, Cognac demographics today are more diverse than they have ever been, according to Lamy. And as it was an aging demographic 20 years ago, it is now reaching groups that are a lot younger and willing to learn about the origins and the history of Cognac.

Agreeing with Lamy is Copper & Kings head distiller Brandon O'Daniel. The younger crowd has driven sales at their distillery, craving something new in their alcohol-curious lives. "The cocktail scene has been a major influence on our Brandy sales," he says. "Watching an excited bartender do something with Brandy always turns into something fun, and we try to lean into this as much as possible as a brand. I also encounter a lot of spirits-educated people looking for something new, especially at the distillery."

Traditionally, Cognac has appealed to mature and affluent consumers, often associated with older age groups and those with higher disposable incomes.

According to Wright, these consumers typically reside in metropolitan areas, possess sophisticated palates, and are introduced to Cognac through family, networks, and peers. "However, there is a growing interest among the younger African-American hedonism group, characterized by an appreciation for refinement, a luxury social lifestyle, and rising disposable incomes," Wright notes.

With the increasing interest among younger generations, CAMUS' clientele has embraced VS Intensity as a best-seller, serving as an excellent starting point for those refining their flavor journeys with Cognac. Distilled with lees and aged only in fine grain French oak small barrels, CAMUS' VS Intensity Cognac stands out by boasting an extremely high concentration in esters, resulting in flavors of summer fruits and subtle spices, according to the producer. VS Intensity is a blend of eaux, devie reflecting the flavors of the Charente terroir, characterized by rich

fruity aromas with hints of spices. The profile is the result of a distillation that aims at enhancing highly aromatic components and of a careful tasting process by the cellar master along the maturation period to establish an ideal combination of barrels for the final assemblage of this aromatic Cognac, the distillery says.

BRINGING OUT THE BEST IN BRANDY AND COGNAC

There are many processes involved in making a good brandy, but O'Daniel says it always starts with the fruit. "As a distiller, my job is to express the excitement I find in the vineyards and orchards. It's still about the fruit."

One of Copper & King's best-sellers, American Apple Brandy, aims at capturing those fruity notes: Finished in Kentucky Bourbon and New American Oak barrels, the apple flavor comes from real apples, with no added boisé.

Just like brandy, and basically every-

thing else, what makes a good Cognac also comes down to personal preferences. For Jennifer Pisciotta, global vice president of marketing at D'USSE, the two most important qualities of a good Cognac are complexity and mouthfeel, which are determined by a range of factors in each stop of the production process.

Lauro views Cognac in three different ways: "For sipping, I'm looking for longevity. The lingering leather, chocolate, toffee, and exotic spice flavors should stay in my mouth for a long time. For mixing, I would go with a younger Cognac that showcases floral notes, usually some peach and apricot flavors. For boozy cocktails, I want to go back to that chocolate, leather, port or cherry style that shows up well in an Old Fashioned."

A BRIGHT FUTURE FOR DARK SPIRITS

In the coming years, Wright believes the focus on agave and whiskey will

bring more opportunities and exposure to the world of Cognac and other brandies. Cognac's rich history, demanding production process, and satisfying end result with gain wider recognition. "The continued popularity of brown spirits will strengthen Cognac's position as a major player in the industry," Wright notes. "It's only a matter of time before a significant portion of the U.S. population discovers the allure of Cognac."

O'Daniel also sees a bright future for the brandy category. Brandy has an interesting story that can be easily shared. As new producers enter the market and old producers continue to get creative with all types of barrel finishes, more consumers will want to taste all that brandy has to offer.

Even though Maison Ferrand has seen a decline in store sales for 2023, Lamy says Cognac has made significant progress in the last five years within the U.S. spirits markets. Several Cognac houses, includ-

"Cognac was always respected as one of the great world spirits," says Lamy. "I see it now being in the forefront of spirits education for consumers, which will guarantee a very bright future for the category."

Cinnamon whiskey has quickly become a beloved spirit in the world of cocktails and beyond. Known for its distinctive spicy kick and warm undertones, this unique liquor is a favorite among bartenders and casual drinkers alike. Here's a look at the origins, rise to fame, and the many ways to enjoy cinnamon whiskey.

THE ORIGINS OF CINNAMON WHISKEY

The story of cinnamon whiskey begins with the combination of two beloved flavors: the fiery heat of cinnamon and the smooth, robust character of whiskey. The most well-known brand that pioneered this blend is Fireball Cinnamon Whisky, which originated in Canada in the mid-1980s. Originally marketed as "Dr. McGillicuddy's Fireball Whisky," the brand gained popularity due to its distinctive taste and clever marketing.

Fireball has two offerings, a lower proof malt-based 33 proof product called Fireball Cinnamon sold in beer, malt beverage and wine, and the 66 proof Fireball whisky.

Fireball's success inspired other brands to create their own versions of cinnamon whiskey, each bringing a unique twist to the market. Brands like Jack Daniel's Tennessee Fire and Jim Beam Kentucky Fire followed suit, capitalizing on the growing demand for this spicy spirit.

Despite Fireball being made with real cinnamon, its taste is reminiscent of

fireball candy. Perhaps you are looking for something more elevated but not taking you back to the frat house.

You can infuse your own cinnamon whiskey. Choose your favorite whiskey and infuse with 8 sticks of cinnamon, add the optional 3 oz of simple syrup if you are looking to make a similar taste to fireball and 6 red chili peppers if you want some additional heat.

COOKING AND BAKING WITH CINNAMON WHISKEY

Cinnamon whiskey isn't just for drinking. Its rich flavor can be incorporated into cooking and baking, adding a unique twist to your favorite recipes. Use it in marinades for meat, drizzle it over desserts like ice cream or apple pie, or incorporate it into baked goods like cinnamon whiskey cupcakes.

GROWING AT HIGH SPEED

Innovative and fast-paced vodka brand, Good Boy Vodka, is thrilled to bring their products to Alabama! They have grown from being available in 5 states at the beginning of 2023 to 30 states today.

Good Boy Vodka has been successful at building lasting partnerships throughout the country and has continued to build upon those relationships every year. Through all of their events, golf outings, races, and activations in each state, the brand is full of excitement.

**“With products this good,
Good Boy Vodka will undoubtedly
be a national brand”**

What really sells the brand is their award-winning vodka and Ready-to-Drink canned cocktails. Good Boy Vodka does not settle for anything less than exceptional flavor in all of their products. They developed the original John Daly Cocktail in a can, along with three additional flavors - Raspberry Iced Tea & Lemonade, Blackberry Iced Tea & Lemonade, and Peach Iced Tea & Lemonade. Professional golfer, John Daly, promotes his canned cocktails at all of his golf outings and on his social platform. Additionally, Good Boy Vodka formed a partnership with motorsports legend and stunt performer, Travis Pastrana. Together they crafted Citrus Circus, which was inspired by the Maryland Orange Crush cocktail. Pastrana attends many meet & greets throughout the country to promote his delicious cocktail. Most importantly is Good Boy Vodka's mission of supporting our nation's veterans and military K9s. It's a winning combination of quality products, incredible partnerships and charity generosity that aids in the growth of the Good Boy Vodka brand.

You can learn more about Good Boy Vodka and their mission through their website – www.goodboyvodka.com - and their own foundation, The Good Boy Foundation – www.thegoodboyfoundation.com.
